Experience

Fernando Santos is a principal associate of Garrigues, which he joined in 2007.

In his professional activity, he provides ongoing tax advisory services to listed and unlisted entities belonging to different sectors, including most notably the insurance and financial sectors, offering tax and accounting solutions for the different day-to-day problems derived from their businesses.

He specializes in the structuring of national and international securitization transactions, business financing and the issuance of all kinds of debt instruments.

He provides ongoing advisory services in the acquisition and sale of companies and/or businesses, as well as in business reorganizations:

- Fernando advises private equity firms and industrial entities on sales and purchases of companies and/or businesses, including due diligence processes, the analysis of potential tax implications of transactions and the review of corporate documentation from a tax perspective.
- He participates in advising on business restructuring transactions within national and international groups, analyzing their tax impact both at the level of the entities involved and of the group to which they belong.

Lastly, he has extensive experience in advising on tax inspection and investigation proceedings by the Spanish tax authorities, both in their initial phase before tax inspectors and participating, as necessary, in economic-administrative and judicial review procedures.
