Héctor has more than fifteen year of experience in advising in different corporate transactions, with special focus on Mergers and Acquisitions, financing transactions and, in general, corporate contracting and Corporate Law. In particular, his M&A experience has been recognized in different occasions by the most prestigious law reviews, acknowledging him as “rising star” and “associate to watch”.

He has developed part of his professional career working at the Madrid office, where he was involved in Private Equity and Venture Capital transactions advising important European and American funds. In the Peruvian market, he has participated in relevant and complex M&A transactions, whether domestic and cross-border, the result of which made him gain a relevant position in the market, so acknowledged by different clients and other law firms.

Given his significant experience, he has advised clients in M&A transaction in the following industries: Industrial, Healthcare, Education, Energy, Finance, Agribusiness, Telecommunication, Technology, Public Infrastructure, etc.

## Experience

He is a partner since 2025 and part of Garrigues since 2014 when the Lima office started operations. Prior to joining Garrigues, he was an associate at Rubio Leguia Normand and Payet Rey Cauvi.

He has developed part of his professional career working at the Madrid office, where he was involved in Private Equity and Venture Capital transactions advising important European and American funds. In the Peruvian market, he has participated in relevant and complex M&A transactions, whether domestic and cross-border, the result of which made him gain a relevant position in the market, so acknowledged by different clients and other law firms.

His significant experience in M&A transactions made him develop expertise in the following industries:

- Industrial: in the acquisition of relevant industrial premises.
- Healthcare: in joint ventures and acquisition of private healthcare centers.
- Education: in the acquisition of private schools.
- Energy: in the sale of electricity generation companies.
